CARLISLE
CATHEDRAL

SAFEGUARDING PLEDGE

We commit to each share responsibility for creating an environment that is safe for all.

We commit to pray for our safeguarding leads and those working with children and adults.

We commit to respect the boundaries that are in place to protect others.

We commit to support those in our church who have been hurt or abused.

We commit to provide on-going safeguarding training for all our workers.

We commit to allow sufficient time and resources to make our recruitment of workers safer.

We commit to maintaining an open culture where people are encouraged to share concerns.

We commit to not take offence when challenged about our presence or behaviour.
